#800 TOLL FREE NUMBER CAUTION!!!

PLEASE NOTE: 800#'s and 888#'s have been around for a very long time and consequently no new numbers with these exchanges exist and as a result they are highly recycled numbers. The few that come into circulation do because some business stopped using them for whatever reason (Out of business, stopped the advertising, etc.). When we get an 800# or 888# from our supplier, we do everything we can to ensure that it's been out of for 30 days or more if possible so that YOU don't receive calls on your toll free line for another businesses' advertising. However, it could be that the previous company ran an ad just before going out of business which could result in you receiving, and paying for, calls to your line from prospects or customers of another business until the old advertising promoting that 800# or 888# finally dies off, which could take as long as one year. Unfortunately, there is nothing we can do to prevent this. We have a supply of 800# and 888#'s, but every now and then, this circumstance arises. **OUR STRONG RECOMMENDATION TO YOU is that you get a recorded message line with any one of the other exchanges, and simply put the words: "TOLL-FREE, 24 HOUR RECORDED MESSAGE"** in your ads, postcards, TV spots, or whatever. **THERE HAS BEEN NO DROP OFF IN RESPONSE REPORTED TO BY ANYONE WHO HAS USED ONE OF THE OTHER EXCHANGES WHEN COMPARED TO USING AN 800# EXCHANGE!** If you would still like to use an 800 or 888 toll free exchange, you can for no additional charge place an "Area Code Restriction" on your system(s). Simply fill out the "Area Code Restriction" Section on this form found below.

Toll Exchange: _____ **Please Select From 800, 888, 877 or 866**

<p style="text-align: center;">Area Code Restriction*</p> <p><small>*Note: area code 416 and/or 905 will also need to be open to your line(s) for AMS testing purposes</small></p>	I would like to receive calls from only the Telephone Area Codes and/or States and/or Provinces listed below.
